## ASSASSIN'S BULLET FINDS ITS MARK

### Seen & Heard Around Murray

Our friend J. B. Curd dropped in yesterday to see us. Mr. Curd is 86 years old, and does not wear glasses.

His voice is just as strong as a 20 year old. Broke his hip several months ago but other than that he is sound as a dollar.

His life has bridged several eras, from post civil war days to the present.

Ran into Ed Christmas up at Scott Drug Yesterday. A genial fellow, likeable and personable. Ed drives a snappy Mustang. Runs Christmas Popcorn.

John Bowker has a tiny Sas-sarass tree growing in the corner of his yard.

C. W. Jones has a good rock in his yard.

Smoke trees are getting smoky.

Yucca Lilies are in bloom.

Edgar Shirley is starting a series of ads on gardening tips Friday. Check these out for some good information. You might be able to save some of your favorite plants by following his suggestions. The one this Friday is on Azaleas.

Hickory nuts are forming on the Scaly Bark.

Chigger Weed is going to bloom.

### "Must Be Assassinated" By June 5, In Sirhan's Diary

By RAYMOND LAHR  
LOS ANGELES (UPI) — Sirhan B. Sirhan, says a woman

who worked with him in a health food store, is honest, goodhearted and a hard worker, but "a fanatic when it came to discussion of religion and politics."

The owner of the shop where Sirhan worked until April said "You had to be careful not to walk on his feet. He wanted you to respect him intellectually."

Sirhan, 24, a native of Jordan, is under arrest as the accused assassin of Sen. Robert F. Kennedy, D-N.Y.

By all accounts, Sirhan is an intelligent, articulate and unusually friendly immigrant but he professed a long standing hatred of the Jewish state of Israel.

Mayor Sam Yorty of Los Angeles reported at a news conference Wednesday that an entry in Sirhan's diary last month said "Kennedy has to be assassinated before June 5, 1968."

That date was the first anniversary of the start of the six-day war in the Middle East. Yorty said the diary also contained comments criticizing Kennedy and such phrases as "Long live Nasser," a reference to Gamal Abdel Nasser, president of the United Arab Republic and dominant figure among the Arab nations in conflict with Israel.

The mayor's office also reported that Sirhan carried a clipping of a newspaper column suggesting that Kennedy was inconsistent in opposing the Vietnam War while supporting U.S. aid to Israel to match the Soviet building of military strength in Arab states.

When police arrested Sirhan early Wednesday morning he had a .22 caliber pistol, and witnesses said he had just used it to pump a bullet deep into Kennedy's brain.

Neighbors said he was a high school graduate who had attended Pasadena City College.

John H. Weidner Jr., owner of the health food store, said Sirhan told him he had to flee Jordan as a child and had seen Jews kill members of his family.

"He was not a citizen and didn't like the United States," Weidner said. "You had to be careful not to walk on his feet. He wanted you to respect him intellectually."

Justice Department records in Washington showed Sirhan was one of a family of eight Jordanians admitted to the United States for permanent residence. None was ever naturalized.

During the regular summer term, students may take up to 10 semester hours of coursework. Most classes meet an hour.

### Fiscal Court Has Call Meeting On County Road Work

The Calloway County Fiscal Court met in a called session Tuesday in the county judge's chambers with Judge Hall McCusiston presiding.

Judge McCusiston said the meeting was called in order to meet with the state highway men for the annual contract for the county maintenance, grading, and draining of several roads in the county.

The contract calls for grading and draining, and some blacktopping of roads in the magisterial districts, that the county pays the state for maintenance each year.

### Robert Kennedy Dies Early Today As Head Wound Fatal

By PAUL R. JESCHKE

LOS ANGELES (UPI) — Sen. Robert F. Kennedy is dead. Like his brother, he was the victim of an assassin's bullet. Struck down at the brightest moment of his own try for the White House, the 42-year-old Kennedy died at 1:44 a.m. PDT (4:44 a.m. EDT) today in Good Samaritan Hospital.

The senator will be buried in Arlington National Cemetery, probably beside the late President John F. Kennedy who was killed by a sniper in Dallas four and a half years ago.

Murder charges were expected to be filed during the day against the accused gunman, Sirhan Bashir Sirhan, the Jordanian immigrant seized moments after Kennedy fell with a bullet in his brain.

President Johnson put at the family's disposal a presidential jet to fly the body, Kennedy's widow, Ethel, three of his children and 71 friends and staff to New York in mid-day.

Ethel, mother of their 10 children and expecting an 11th in January, was at her husband's bedside when he died.

A close friend said she was "bearing up very well."

Among the others gathered in the fifth floor intensive care unit was Jacqueline Kennedy, widow of the late president.

The senator was the third of four brothers of the ill-fated family to die a violent death. Only the youngest, Sen. Edward M. Kennedy of Massachusetts, was left to carry the banner of the Kennedy clan.

Messages of condolence flowed in from the nation's great and the humble. Among those going back on the plane was the widow of Dr. Martin Luther King.

The departure from Los Angeles was postponed from morning to 1 p.m. PDT while doctors performed an autopsy on the body. The autopsy, to formally establish the cause of death, was required before the body could be removed from Los Angeles County.

### Girl Scout Day Camp Is Next Week

The annual Girl Scout Day Camp on Kentucky Lake will be held next week. Plans have been completed for the camp to officially begin Monday, June 10, and close Friday, June 14.

Buses will leave the Girl Scout cabin in the City Park promptly at 8:30 each morning and return at three p.m.

All girls will bring a sack lunch each morning unless notified, a sit-upon, or mat and an unbreakable drinking cup with a handle. Drinks will be furnished.

Campers should wear comfortable play clothes and sturdy shoes with socks or knee socks. A scout leader said not to wear sandals or halters, and to bring rain togs if it looks as though it would rain.

Sunday, June 9, will be cleanup day at the camp site and all parents or interested adults are asked to help if possible.

Day Camp staff volunteers will be at the cabin in the city park at two p.m. Sunday to lead the way to the camp site. Persons should bring rakes, yard brooms, chippers, or any other tools that will be useful to make the area clean and safe for the girls to enjoy a week of fun and good Scouting, the camp leaders said.

### Top Baptist Leaders Call Death Unspeakable Tragedy

HOUSTON — Dr. W. A. Criswell, pastor of the First Baptist Church of Dallas, was elected president of the 11 million-member Southern Baptist Convention here yesterday.

An outspoken conservative, Criswell succeeds Dr. H. Franklin Paschall, pastor of Nashville's First Baptist Church, as head of the nation's largest Protestant denomination.

Criswell defeated Owen Cooper, a layman from Yazoo City, Miss.

Top Baptist leaders at the conference issued a statement calling the shooting of Sen. Robert F. Kennedy "an unspeakable tragedy" which makes more acute the crisis in a nation that has been plagued in recent years by numerous political assassinations.

Before Criswell's election yesterday, Paschall said, "We have learned to walk safely in space but not on our streets. Crime is on the rampage throughout the world."

"Many of our critical problems today stem from the age old problem of racial enmity," he said. "The tragic events in recent days surely convince us of the frightening proportions of the race problems in our country."

Paschall said the basic problem is spiritual. There are ghettos of the mind and heart before there are ghettos in our cities, he said.

"The inner darkness must be eliminated before there can be light. A patronizing hand-out will not solve the problem of inner darkness," he said.

"It demoralizes and degrades man when he is allowed or forced to live on charity. Every person needs to feel that he is somebody and that he is doing something worthwhile, that he is making a contribution to the world."

Paschall declared "We will refuse to be a party to any movement that fosters racism or violence or mob action."

The 14,000 messengers attending the convention stood for a moment of prayer for Sen. Kennedy yesterday morning. They were led by the Rev. Mason Bonurant, pastor of the First Baptist Church in Dumas, Ark.

A statement released by C. Emanuel Carlson, executive director of the Baptist Joint Committee on public affairs, stated: "Another tragic event has come to our nation. Our prayers and sympathies go first to the families of those so ruthlessly attacked."

"Our grief also extends to the health of our nation, and to the future of government by and for the people. A new commitment to prayer and to active good will towards all men is the only national response," the statement further said.

Dr. Clifton J. Allen, Nashville, Tenn., said: "The inner darkness must be eliminated before there can be light. A patronizing hand-out will not solve the problem of inner darkness," he said.

### MSU Sees Top Enrollment; Institutes Are Funded

Murray State University is hoping for a sizeable increase in summer enrollment when students register Monday for the eight-week summer term.

"Everything points in this direction," said Wilson Gantt, registrar and director of admissions. He noted that his supply of class schedules has been exhausted and 2,000 more are being printed.

Summer classes begin on Tuesday and continue through August 2. A large selection of both graduate and undergraduate courses is scheduled.

Gantt said there is still time for students to be admitted to the university for the summer term. He said interested persons should contact him for admission forms and additional information. Summer students must meet regular entrance requirements, he pointed out.

A year ago, 2,627 students enrolled for the eight-week term at MSU, and an additional 248 students attended the three-

week inter-session which followed. Both figures set records.

The inter-session, when only 10-15 courses are offered, always begins the Monday after the regular summer term ends, and continues until each class has met 15 times. Each class meeting lasts three hours, and students may take only one course. This summer's inter-session will run August 5-August 21.

During the regular summer term, students may take up to 10 semester hours of coursework. Most classes meet an hour.

### NO TIME TO PASS LAW

PRESIDENT Johnson appeared on television last night in a move calculated to bring stability to the public in the latest of the fantastic public murders that have rocked America since the assassination of President John Kennedy in 1963.

He appointed a commission to investigate the cause of such murders headed by Milton Eisenhower, brother of former President Eisenhower. This is all well and good and, we feel that President Johnson should take some steps to show that something is being done and some efforts are being made to halt the murder of public figures.

We regret the murder of Robert Kennedy as a senseless act. His death represents a great loss of talent, energy, and ability. We seldom agreed with Robert Kennedy, however whether we agreed with him or not is immaterial. The point is that he had a right to express his views, run for office, or spend his money as he saw fit.

We do have great reservations however over the urging by President Johnson that the gun law be passed by the Congress in this hysteria that has gripped the nation. The passage of the gun law would not affect the murder of public figures one iota.

Any deranged person who intends to kill a public figure will obtain a gun even if he has to kill a policeman to get one.

The only result of the gun law passage will be to prevent a sports fan from sitting down and ordering a new shotgun from Sears and Roebuck by mail and thus another of the precious liberties of citizens of this great nation, will have been removed.

The great majority of people do not intend to kill anyone and the few people who do intend to do so, will obtain the means REGARDLESS OF THE LAW.

We have never subscribed to the passage of any law which has been approved in the hysteria of the moment. It is unfair to the nation, it is unfair to those who pass it as they look back in retrospect, and it is an affront to the intelligence of the average citizen.

We sincerely hope that there are enough level-headed congressmen in Washington who will not be unduly influenced by the tragedy of yesterday to pass this liberty-removing law.

The Constitution of the United States permits citizens of this nation to bear arms and the passage of the gun law will make this freedom more difficult.

### LSO Helps Cars

NEW YORK (UPI) — About

seven per cent of the nation's

cars take their trips on LSD—

and it's good for them. In cars,

LSO means "limited-slip differ-

ential." A safety authority

at C.I.T. Service Leasing Corp.

says most cars are built so

that when one rear wheel slips

on mud, ice or snow the other

wheel can't help, even if it's on

dry ground.

The reason is that a conven-

tional differential sends all

power to the slipping wheel

(the one that offers the least

resistance) and none to the

other. But with a limited-slip

differential, when one rear

wheel begins to slip, a locking

action occurs on the axle, forc-

ing both wheels to rotate to-

gether. The wheel with trac-

tion moves the car.

## Nolan Pitches Three Hit Shutout For Cincinnati Reds

By VITO STELLINO  
UPI Sports Writer

Gary Nolan, a star at 19 and a sore-armed question mark at 19, is now making a "come-back" at the age of 20.

Nolan suddenly developed into one of the most surprising pitchers in the National League last season as a teen-ager. Less than a year after his graduation from high school, Nolan worked his way into the Reds' starting rotation last April and went on to post a 14-8 record while pitching more innings than any other Red pitcher—227.

But Nolan came down with a sore arm in spring training, was sidelined for six weeks at the start of the season, and his career seemed in jeopardy.

It now looks like Nolan, who turned 20 on May 27, is on the way back. He pitched a three-hit shutout for his second straight victory in his second start Friday night as the Cincinnati Reds pounded the Atlanta Braves 10-0.

**Some Bad Moments**

"I figured I was too young to be washed up as a major leaguer," Nolan grinned, "I did worry a bit, though. Enough to start saving my money. I put a lot in the bank during those weeks I was idle. But I'm as confident as ever now."

Elsewhere in the National League, New York edged Chicago 4-2, Philadelphia beat San Francisco 2-1, Los Angeles nipped Pittsburgh 2-1 in 10 innings, and St. Louis beat Houston 3-1 for its eighth straight victory.

In the American League, Detroit topped Boston 5-4, New York whipped Minnesota 7-2,

Baltimore beat California 7-1, Washington beat Oakland 3-1 and Cleveland blanked Chicago 1-0.

Tony Perez drove in four runs for the Reds to take over the National League RBI lead with 34 in the rout of Atlanta. Perez had a two-run single during the sixth inning and a two-run homer in the sixth inning. Lee May also homered for the Reds.

**Win Eighth Straight**

Orlando Cepeda singled home Curt Flood with the tie-breaking run in the eighth inning as the Cards opened up a 2½ game lead in the race by extending their winning streak to eight—longest in the NL this season. Larry Jaster went eight innings to get the victory.

Cleon Jones' second double of the game highlighted a three-run fifth inning as the Mets beat the Cubs. Tom Seaver, who left the game in the eighth after complaining of a muscle spasm in his left side, got the win.

Woody Fryman scattered six hits to boost his record to 8-4 as Philadelphia nipped San Francisco. Gaylord Perry, 6-3, gave up two runs in the first inning—one unearned. Willie Mays hit his 10th homer leading off the second for the Giants' only run. Mays now has 574 homers in his career.

Los Angeles scored an unearned run in the 10th inning to nip Pittsburgh. Wes Parker singled with Zoilo Versalles on first base and two out to start the winning play. Bill Singer allowed six hits to get the win while Al McBean gave up the same number of hits and took the loss.

## Dave Johnson Hits Grand Slam Homer For The Orioles

By GARY KALE  
UPI Sports Writer

Dave Johnson's call for a "medic" was waved off by a tough ex-Marine who knows the value of combat-tested men.

D-Day plus 24 years finds Baltimore Oriole Manager Hank Bauer in another kind of battle, where the stakes are high and a sustained attack could mean another American League pennant to the grizzled veteran.

Bauer acknowledged Johnson's plight, created when the Baltimore second baseman was hit on the hand in a recent Boston series and injured it further during the fourth inning Wednesday night when he tagged California's Roger Repox trying to stretch a single into a double.

But the situation was critical. The Orioles had the bases loaded the next inning and Johnson was up. He leaned toward the dugout and asked Bauer if he wanted somebody to pinch

hit for him. The Baltimore manager shrugged him off and Johnson promptly belted the ball into the right field seats for the first grand slam homer of his career. It helped beat California 7-1.

**Stengel's Rules**

"I had to tell Bauer I was hurting," Johnson explained. "Last year I got into the doghouse when I tried to hide a back injury. Bauer told me at the time that he was a Stengel disciple and Casey couldn't stand it if a guy played with an injury and didn't report it."

Johnson's homer was his fourth of the season and kept second place Baltimore 2½ games behind Detroit in the standings. Curt Motton also homered for the Orioles as Jim Hardin pitched a strong five-inning game for the Orioles in nine decisions. The Oriole right-hander, who was 8-3 with Baltimore last season, threw only 10 breaking pitches for strikes as he fanned eight batters. Tom Satriano spoiled his shutout with a seventh-inning homer.

Detroit edged Boston 5-4, Cleveland nipped Chicago 1-0, Washington rapped Oakland 3-1 and New York routed Minnesota 7-2 in other American League games.

In the National League, New York beat Chicago 4-2, Philadelphia defeated San Francisco 2-1, Cincinnati walloped Atlanta 10-0, St. Louis whipped Houston 3-1 and Los Angeles edged Pittsburgh 2-1.

**McLain Wins Ninth**

Denny McLain won his ninth game against a single loss as he received three innings of

## New York Mets And Oakland Athletics Acquire Players

NEW YORK (UP)—The New York Mets and Oakland Athletics, who have acquired a total of seven key players in previous drafts, will make the first two selections today when the majors conduct their annual summer free agent draft.

The Mets and Athletics, who earned their places at the top of the draft list by finishing at the bottom of the 1967 National and American League standings, are hoping to duplicate their successes of previous years, although baseball men are calling the 1968 draft "wide open."

By "wide open," they mean that they see no obviously early selections and that the available talent is more balanced than in other seasons.

Pitchers Tom Seaver, Nolan Ryan and Danny Fisiella and second baseman Ken Boswell were all acquired by the Mets in previous drafts while infielder Sal Bando and outfielders Rick Monday and Reggie Jackson were picked by the Athletics.

hitless relief from Daryl Patterson. Detroit gained the victory when Boston's sure-handed shortstop Rico Petrocelli threw away a seventh-inning double play grounder and allowed Dick McAuliffe to score all the way from first.

Jose Cardenal broke out of a one-for-27 slump with a second-inning single to bring home Cleveland catcher Duke Sims with the only run of the game. Chicago, played by one-run losses this season, was limited to six hits as Stan Williams picked up his fourth victory of the year.

Frank Howard, Washington's Paul Bunyanesque slugger, drove in all the Senators' runs against Oakland with a two-run homer, his 21st and a single. Howard also doubled to raise his batting average to .359. Camilo Pascual benefited from the Howard fireworks, winning his fifth game against three losses.

## Brother Ridicules Funny-talking Sister

By Abigail Van Buren

DEAR ABBY: I was born in Vermont, where I lived for over 50 years. Now, owing to ill health, I am living with a younger brother in Nevada.

I have had little formal education, and my brother and his wife are both college graduates. To them, my way of speaking is hilariously funny. Even their children will repeat something I have said, and the whole family will laugh uproariously.

My brother will say, "We're having company tonight. Stick around. They'll get a kick out of hearing you talk." Should I be flattered? Or should I suggest they charge admission?

I respect my brother and his family for their kindness to me, but how does one keep from feeling resentment? I sometimes wonder if others are also going thru the same thing, and if so, how do they handle it?

DEAR HURT: In all probability, your brother and his family are not aware of how you feel. So tell them. People with accents, [southern, Yankee, eastern, midwestern, and foreign] are frequently the objects of "curiosity," away from home. Of course it is rude and unkind to laugh at such a person, even though the laughter may be more from amusement than ridicule.

DEAR ABBY: Unlike the 14-year-old girl whose problem was a mustache, our 13-year-old daughter, Cynthia, has thick, black sideburns which are very conspicuous.

I think they look terrible, and when she goes anywhere with me, I make her comb her hair to hide them, but Cynthia thinks they look so "neat" she loops her hair over her ears to show them off!

Abby, she tries to tell me they are "in" now. In fact, she picked up a newspaper at a barbershop showing an ad of "HIS AND HER" sideburns, sold by some wig-maker in New York. [Do they actually make such items, or is it a joke?]

Cynthia boasts that she's the only 7th grader [male or female] with genuine sideburns—like Dino Martin.

I never thought I would produce a freak like her. Maybe

RECEIVE CHARTER — Jerry J. Nix, Lambda Chi Alpha national administrative assistant, is presenting John Tripp, president of the Murray Colony of Lambda Chi Alpha fraternity at Murray State University, with the Murray group's charter. Looking on is Dr. Ray Moffield, chairman of the communications department, who was a featured speaker at the charter banquet.

she'll outgrow it, but in the meantime, will you pray for us?  
PASS CHRISTIAN, MISS.

DEAR PASS: The only problem I see here is a mother who is making a problem where none exists. Let the child alone. When Cynthia's sideburns become a liability to HER, together you can find a solution. In the meantime, I'll pray for a better understanding between you two.

DEAR ABBY: Last year we put in a swimming pool. Please don't get the idea that we are millionaires. We aren't. We're just average folks in moderate circumstances. We like to share our pool with our neighbors, but some people don't know when enough is enough.

We started serving soft drinks to the kids, and beer to the adults, but that didn't last long. We did a bigger business than the country club.

How can we let our neighbors know that there are days when we've invited guests, and the whole neighborhood gang is not invited? I know we should not have been so big-hearted last year, but now that we realize our mistake, what should we do?

DEAR PORTOLA VALLEY: Fly a little "flag" on a pole to let your neighbors know that the pool is open for "all." If you plan a private party, no flag. Then educate your neighbors. It's as simple as that.

DEAR ABBY: You were much too gentle in your answer to the teen-ager who looked her mother in the eye with hate and said, "I DON'T OWE YOU ANYTHING. I DIDN'T ASK TO BE BORN."

If she were my daughter, I would have said, "That's right, and I didn't HAVE to raise you either. I could have sent you to an orphanage."

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

### Fido Likes Bed Of His Own

NEW YORK (UPI) — "Dogs like to make their own beds," says the Dog Owner's Guidance Service Association. "It can be difficult if they have a cushion or a regular dog bed to sleep on."

The dogs need something to rumple to their satisfaction before

slumbering. You can help by giving your dog his own security blanket to muss around to his heart's content. Any old clean terry towel, piece of blanket or worn sweater will do. If you use a sweater be sure to cut off the buttons and slit open the sleeves.

### Veterans Questions and Answers

Q — I am a World War II veteran with a 20-year G. I. insurance endowment policy that will mature in a few months. Do I have to take the face value of the policy or can I convert this to another type of insurance?

A — You may exchange it for a policy of lesser cash value if you present evidence of good health. However, this must be done before the policy matures.

Q — I was recently separated from service. During service I was treated for a condition that has now flared up again. Can I get treatment from VA?

A — In all probability you can. You should apply to the Veterans Administration for an examination and determination that your condition is service-connected. Once this has been accomplished, you should have no trouble getting treatment from VA.

Q — I am a veteran with a service-connected condition, recognized by VA as 60 per cent disabling. Does this degree of

disability entitle my children to any type of educational assistance?

A — No. Only children whose parent is rated by VA as 100 per cent service-connected disabled and who is permanently disabled is entitled to assistance. Such children—and children of veterans who died in service or from service-connected causes—are eligible for War Orphans Educational Assistance benefits.

There are 52 colleges or universities in the greater Boston area.

La Paz, Bolivia, the highest capital city in the world is 12,400 feet above sea level.

## DANGER VALLEY

A new Western thriller  
BY RICHARD POOLE

From the Doubleday & Co. novel. Copyright © 1963 Lee E. Wells. Distributed by King Features Syndicate.

WHAT HAS HAPPENED

Within hours of buying Hobe Terrall's Tumbling T ranch, Greg Corwin heard gunfire and found Amanda Zane being shot at by hidden gunmen. Rescued, Amanda was pitiful small rancher, including Amanda, against the huge Bar owned by Vale Edwards and run by his foreman, Bart Yates. Seeking to understand fully the basic factors before confronting himself, Corwin rode to see Edwards. He was surprised by Diana Edwards, Vale's daughter, who dismissed him at gunpoint. She took him to her father, with Yates present.

**CHAPTER 8**

GREG CORWIN told Vale Edwards and his daughter, Diana, "I don't want to get in any range war, I'm peaceful by nature and, besides, a range war would break me certain. I won't line up with gunhaws—small ones or big ones."

"Maybe you'll have to," Diana said.

"All I ask is to be left alone. I won't take sides against you—or for you, either. I'll do all I can to be neighborly. I promise it." His voice deepened. "I won't ride an inch or spend a buzz helping you against someone else."

Yates leaned forward, hand on his face hawklike. "But you would help others."

"Against you? No. I'm going to tell them exactly what I told you. If you're fighting them, or they're pushing you—whichever—Tumbling T will take no part or hand."

"How about Rocking Chair?" Diana asked suddenly.

Her question and tone surprised Greg but he demanded, "How's Rocking Chair different from I met Amanda Zane?"

Diana didn't answer, merely watched Greg as Yates said, "Why should we believe you?"

Vale Edwards shifted painfully. "Wait a minute, Bart. Maybe we should, as a stand, we have to watch 'em all. If Corwin keeps his word, that's one stretch of our boundary we won't have to watch. Beef won't disappear in that direction."

Greg asked, "You've lost beef?"

Yates swung around. "Plenty of it and we aim to stop it—buy up baling-wire spread around us in a way. Use guns to check trouble on our range is another."

"How about the sheriff?"

"Sioux Valley's big. So we protect ourselves. The little spreads have gone together to break Bar Y by driving off beef; burning line shacks—that's happened to us. If we're forced to sell, the Terralls, Zanes and Ralls could divide our range between 'em and have a rich prize for a quarter of what it's worth."

Greg had never heard of such a situation but it could happen. On the other hand, Amanda was bursting with questions but
